

COMMUNICATION = ACHIEVED.

TUNGSTEN™ | W

As a versatile communications tool, the Palm Tungsten™ W handheld combines easy-to-use wireless email and phone functionality* with the intuitive features you expect from Palm for staying on top of everyday business. Read and reply to your business and personal email. Send an SMS message and collaborate quickly with colleagues. Type an email to your team on the thumb keyboard. Use the phone feature to make a call and take notes at the same time. Edit spreadsheets, documents and presentations** on the Tungsten W handheld's crisp, high-resolution color screen. Keep track of calendars and contact information. It's the complete workspace for getting things done wherever you are.

And, in addition to a choice of popular wireless carriers providing GSM and GPRS service, the Tungsten W handheld offers advanced phone features like 5-way conference calls, callback reminders, and Quick Connect for dialing calls directly from your handheld's address book. Plus, a crisp, easy-to-read screen displays everything – from emails to photos to dynamic presentations – in brilliant, high-resolution color. It's the most versatile business tool yet from Palm. And it will give you more freedom to decide how you want to work.

*Wireless voice and data services required. Check with your wireless carrier for service and feature availability. Service not available with all carriers. Rate plans vary.

**Software functionality provided by DataViz, Inc. Documents to Go.

KEY FEATURES

Email* Choose the wireless email solution that's right for you: from personal email services like Yahoo! and Earthlink (sold separately), to business solutions and Palm's Enterprise-class server solution (sold separately), all delivered on a handheld capable of the fastest GSM/GPRS data speeds available.

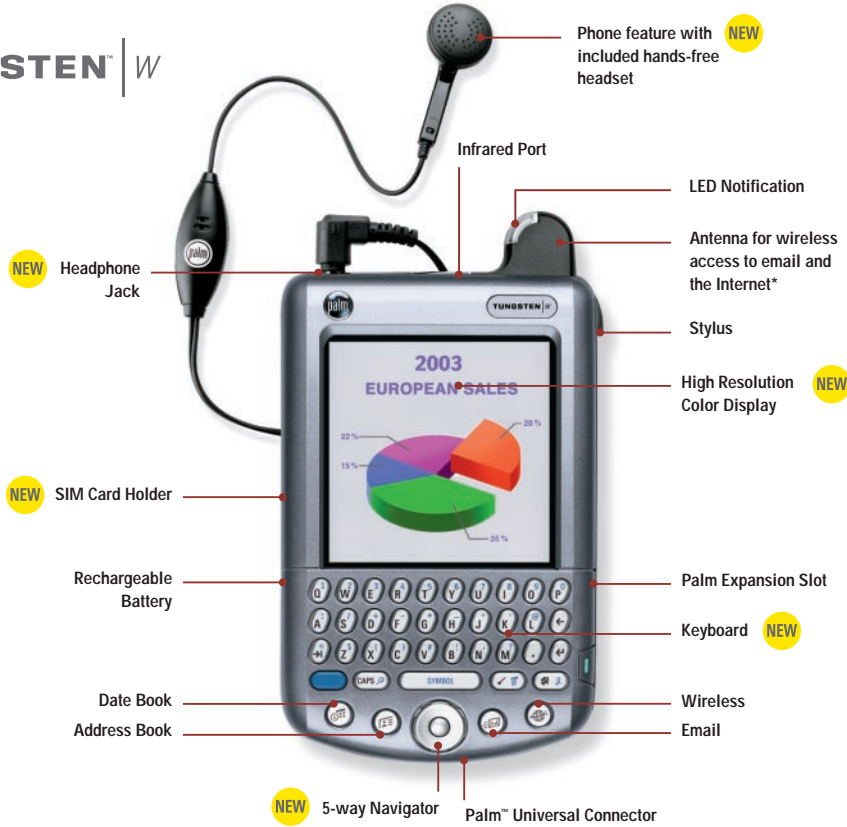

Phone* Use the hands-free headset to make calls and work on your handheld at the same time. Advanced phone features include the ability to have 5-way conference calls, callback reminders, Quick Connect for dialing calls directly from your handheld's address book, and collaboration with colleagues via SMS*.

Word, Excel and PowerPoint** Create and edit these powerful, compatible business applications on the road, right on your handheld.

Ultra-sharp Color Display High resolution 320 x 320 display; supports more than 65,000 colors.
